A Message to the CASA Charter School Community from the Board of Trustees

The Board of Trustees of the Capital Area School for the Arts Charter School is delighted to announce that Dr. Rhonda Brunner has been appointed as Interim CEO of CASA Charter School. Dr. Brunner brings a wealth of experience as an educator and administrator, having served in various leadership roles such as school district superintendent, intermediate unit assistant executive director, and university professor. She joins CASA on January 4, 2024 to lead the school's operations through this academic year and to work with the Board to mount a search for a permanent CEO. Dr. Brunner's operational expertise and her commitment to the unique educational opportunity afforded by CASA make her an exceptional choice for our students, faculty, staff, and community at this time.

On behalf of the Board of Trustees,
Brian Griffith, President

Dr. Rhonda Brunner
